

NO TRACE OF MISSING MAN IS OBTAINED

Search for Alva Parker Was Continued During Day.

The combined efforts of the police department and members of the sheriff's force yesterday afternoon in dragging Rock river west of the city impounding grounds failed to disclose the body of Alva C. Parker, who is believed to have suicided. Sheriff Schoenholz and Chief Van Bibber headed a party who dragged the river to a greater part of the afternoon, hoping to find the body but at 6 o'clock last evening ceased dragging, their efforts being fruitless.

Clammers have been hired to continue the dragging in hope that the body may be recovered near the Hoyle and in the shallow water before it is ashed down stream in the heavy current. Their work is continuing today under the supervision of the police and sheriff's offices.

After leaving the river last evening, Chief Van Bibber and Sheriff Schoenholz went to the Parker residence where they interviewed Mrs. Parker and her daughters, who again related the story of his sudden and mysterious disappearance. The account as given by Mrs. Parker was as follows:

Was In Sullen Mood.
"Mr. Parker, who is a first cousin of Alton B. Parker, at one time candidate for the vice presidency, left one Sunday morning before 7 o'clock. He appeared to be in a sullen mood as he has been many times before when he had threatened to take his life, but I have not bothered him paid any attention to him on these occasions, finding it was better not to disturb him, and then he would be himself again in an hour or two."

"Sunday morning he got up, put on some clothes and did the chores as his practice. He told me that he had picked out a spot west of the city dump on the Hoyle farm, where the water was not very deep and that he intended to drown himself. He had said that the water was not very deep and that it would be easy to recover his body. When he left the house he took his revolver, which I believe was a .32 caliber gun with him and started down through the back lot in the direction of the dump and river."

Told Daughter of Intent.
"On many previous occasions he had left the house while in these sullen spells but was never gone longer than four hours and would come back again. He had never taken his revolver with him before and has never gone this length of time. He went to the barn and told his daughter, who was milking the cow that he was going to kill himself and started toward the river. We did not follow, thinking that he would be back again in a few hours."

"His eyes had been bothering him a great deal for some time and only a short time ago he told me that his sight was so bad that he could not recognize his friends when he met them and that he thought that he would be totally blind before very long. He was receiving treatment in Dixon and wore his glasses most of the time, but left them at home Sunday morning with his watch and pocket book. Unless he has been drawing money out of the bank in small amounts I do not believe that he had very much money with him. I do not think that he went away from his work clothes and not his work clothes, neither did he take his watch which he always carried."

"He had worried some about our ranch in Dakota. We left there and came to Dixon about the first of July, living through in a machine. We had sold the ranch on payments and these had not been kept up and I think that he worried about that, too."

Son Had Suicided.
Mrs. Parker told the officials that a son had suicided several years ago when the family lived in Black Hawk county near Cedar Falls, Iowa, and that two other sons were drowned when a boat in which they were riding in a river in Dakota, shot over a dam. She has sent for a son living in Wyoming and upon advice from the officers, has notified relatives of the disappearance of her husband, in the hope that if he did not take his life, he may have started to call on some of them after recovering his sullen spell."

Cashier Yenerich Ashton Supervisor

(Special to the Telegraph)
Ashton, Ill., Sept. 9.—Erven J. Yenerich, cashier of the Farmers State bank of this village, has been appointed Supervisor by the Board of Town Auditors to succeed the late Charles Helenthal. The new supervisor is well known throughout Lee county and his appointment brings the approval of all citizens of this township. He is a native of this county, having been born in Reynolds township in 1881, graduated from Dixon College in 1901 and his entire life has been devoted to the banking business.

A marriage license has been issued to Edward P. Sondergerth and Miss Francis Ida Meyer, both of West Brooklyn.

CARLSTROM IN ADDRESS RAPS HIS OPPONENTS

Number of Dixon Voters Heard Aledo Candidate.

Capt. Oscar E. Carlstrom, candidate for the Republican nomination for governor addressed a goodly number of Dixon voters at a meeting at the Armory last evening which had been arranged by a number of his former comrades in the Spanish-American War. Mr. Carlstrom laid particular stress on the statement that he is not a "ring" candidate for governor and that he is unalterably opposed to candidates being nominated by slate makers as he claims O'Leary and Small were picked.

Mr. Carlstrom says that he has been offered every conceivable position and advantage to withdraw from the race for governor, but says that he has refused because to do so would compromise his own principles and his honor, as well.

Raps O'Leary
"I was the first down state man to announce my candidacy and if there is a campaign waged largely on the issue of loyalty, then I ask what reason is there to choose to follow a candidate who is running on his father's reputation, when one is available whose record of service is proof of itself of his own loyalty," said Mr. Carlstrom.

Service Men Ignored
"Both the political gangs, who are trying to tell you there are only two men you can vote for, wholly ignored the service man. It has been said that the difference between the prodigal son and the service man is that when the prodigal son returned they killed the fatted calf and when the service man returned, the professional politician 'shot the bull.' They're still shooting it, but it isn't going to fool anyone."

"Let us prize the words of Kipling's wonderful 'Recessional' and if there is, 'Lord God of Hosts be with us yet, Let us forget, Let us forget.' 'Vote for the service man.'"

Starving Mayor Passed Bad Night

By Associated Press Leased Wire
London, Sept. 9.—Lord Mayor Mac Swiney of Cork, passed a very bad night, and complained again this morning of dizziness, according to a bulletin issued early today by the Irish Self-Determination League. He was visited last night by Father Patrick MacSwiney, a cousin, who said he was surprised to find the prisoner so well. He expressed belief that the crisis would not come for three or four days.

The noon bulletin issued by the league stated that signs of atrophy of the skin had appeared and that as a consequence the mayor's arms were being massaged and bandaged.

Says Booze Cuts Coke Production

By Associated Press Leased Wire
Connellsville, Pa., Sept. 9.—The in the Connellsville region for the loss of 14,519 tons in coke production during the week ended Sept. 6, according to the Connellsville Courier, in its weekly coke review made public today to the operation of illicit liquor sellers.

"The activity of bootleggers and illicit traffickers of all degrees and kinds, supplemented by increased proficiency in the art of 'home brewing,' has fairly deluged the region with every conceivable kind of intoxicant, ranging in potency from 'near beer slop' to 'near dead pick-ax' says the Courier."

CASE CONTINUED
Abe Cooper and B. Droskin of Sandwich, were taken before Justice Hanen this morning on a charge of larceny preferred against them by Dr. Wade Stevens of Sycamore. The complaint charges that the two men stole a Bosch magnet from his garage in July. The case was continued until next Wednesday morning at 10 o'clock, the two men being released on bonds of \$100 each.

Miss Anna Mossholder has returned home from a visit at River Falls, Wis. with relatives.

CHARGES DEMOCRATS SOLICIT FUND FROM AURORA POSTMASTER

Letters from Boeschstein Submitted to Senate Committee.

By Associated Press Leased Wire
Chicago, Sept. 9.—The Senate committee investigating presidential campaign expenditures today called more witnesses cited by E. H. Moore, personal representative of Governor Cox, as men who could give detailed information concerning the \$15,000,000 campaign fund which the Democratic candidate has charged the Republican national committee was trying to raise.

Evidence of an alleged attempt by Charles S. Boeschstein, Democratic national committeeman for Illinois to solicit campaign funds from a postmaster was presented to the committee at second hand by William O. Farlow of Augusta, Ill., a Hancock county farmer. Mr. Farlow's evidence consisted of five letters to Joseph H. Coffman, postmaster at Augusta, a written statement from the latter certifying that he had given the letters to Mr. Farlow.

Signed By Boeschstein.
The letters were signed with Mr. Boeschstein's name and dated at his home town of Edwardsville. The missives emphasized that "contributions must be voluntary." Mr. Farlow said the postmaster was a Progressive and added that he was himself a Republican "and proud of it."

Harry M. Blair, assistant to Fred Upham, treasurer of the Republican national committee was next on the stand. Mr. Blair turned in a list of paid workers supplementing one turned in last night. They proved to be assistants to state directors in Illinois, Indiana and Ohio, and two general traveling representatives working out of the Chicago headquarters. These latter were Frank Alvis and C. A. Fenner. For Illinois F. A. Hahn and W. B. Thweatt, of Peoria, and W. E. Stokes of Chicago were named.

Special Agents Named.
Mr. Blair, when asked to name cities in which special agents were located and recalled Boston, Cleveland, Cincinnati, Columbus, Toledo, Akron, Youngstown and Springfield, O., and Detroit. He said there were about 20 in all.

Mr. Blair said the Columbus campaign had yielded about \$80,000. Dayton, he said, had not been fruitful ground.

In Michigan there were no special organizations outside of Detroit, Mr. Blair said and similar conditions existed in Indiana. Campaigns in Indianapolis, Fort Wayne and South Bend had not been particularly successful, he said.

Charges by Governor Cox that the Republicans had fixed quotas and planned extensive fund raising drives in at least 51 cities, and that the national committee had had a part in assessing the city quotas were admitted on the stand today by Harry M. Blair, assistant to Fred W. Upham, Republican national treasurer.

Drives in 51 Cities
Reading from a document produced by Mr. Blair which he said was sent out in lieu of the much discussed "form 101" Senator Reed brought out that the treasurer's office planned to organize intensive drives in 54 cities, three more than the Ohio governor had mentioned.

From the same document Senator Reed read that the local chairman appointed in each city was to "accept the quota placed upon the city by the national treasurer."

"But he never did that to my knowledge," Mr. Blair interjected. He explained that the plan "in his mind" was for the state chairman of the local chairmen in cities who then would be confirmed by Mr. Upham "to make it official," and that Mr. Upham should pass on to the local chairman a city quota suggested by the state head.

Ideas Rejected
His testimony at many points showed that the ideas which he had in his mind were rejected by his superiors when placed on paper, which was the fate of "form 101."

LOST BIG SUM
G. M. Dyer, general contractor of Seattle, who with his family are making an auto tour around the borders of the United States, lost his purse, containing over \$300 in Dixon last night. He spent the night at the free camp grounds north of the milk factory and missed the purse this morning. He will remain here until tomorrow in hope of finding it.

FERTILIZER IS FOUND IN DIXON CEMENT CO. SHALE

American Chemical Soc. Told of By-Product Local Factory.

By Associated Press Leased Wire
Chicago, Sept. 9.—The German monopoly on rare chemicals used in research and experiments has been broken, according to statements made today by H. T. Clarke, of Rochester, N. Y., before the Organic division of the American Chemical Society, in session here at the University of Chicago. A probable solution of the fuel problem was advanced before the chemists when coal substitutes were suggested. Prof. E. P. Schoch of the University of Texas said that lignite, a half formed coal found in Canada and Texas, has great possibilities as a cheap fuel. Coal can be conserved and a cheap and valuable gas made through the use of the by-product coke oven, according to a report made by F. S. Err, Jr., and E. H. Bird of Pittsburgh.

Potash which can be used as a fertilizer can now be obtained as a by-product in the manufacture of cement from Illinois shale, Professors M. M. Austin and S. W. Parr, told the society. These shales are found especially near Jonesboro and Dixon, Ill., they said.

Harding Pleased at Attention Given Him

By Associated Press Leased Wire
On Board Senator Harding's Special Train, Sept. 9.—On his way home from his first campaign trip, Senator Harding, the Republican nominee for president, declared himself highly pleased today with his reception by the people of Minnesota who cheered his speech at the State Fair yesterday on agricultural issues and greeted him in tumultuous fashion when he rode through the streets of Minneapolis and St. Paul.

What the result might be on the future plans of the nominee was not revealed, but speculation as to the possibility of more extensive departures from the front porch was enlivened by expressions of satisfaction from Senator Harry S. New of Indiana and Harry M. Daugherty both of whom are in the Senator's party.

"Perhaps the thing that most gratifies me was the close attention with which wonderful audience at the Fair grounds listened to a speech that was intended to present a constructive program," said Senator Harding in a formal statement.

COURT MARTIAL ENDS

By Associated Press Leased Wire
Galveston, Texas, Sept. 9.—Evidence taken in the court martial of Colonel Willie Mayfield, former commander of the state troops enforcing martial law here, was forwarded today to Governor W. P. Hobby for action. The court martial was concluded last night with a statement by Col. Mayfield admitting he had ordered the arrest of G. V. Sanders, editor of the Houston Press, which three officers tried to effect at Houston on Aug. 30. Sanders, under questioning at the trial, said the articles regarded by Mayfield as reflecting on the state troops were intended to be merely funny.

Mrs. Phil Woolver and Miss Clara McKoen have returned from a business trip in Chicago.

FOR DIXON UNIT

The manner in which Dixon young men are responding to the appeal for enlistments in the new state militia to take the place of the reserve militia which passes out of existence on October 1, indicates that this city will not be without a military unit in the new state military organization, and the efforts of the officers of Company F and many friends of the militia are being directed toward securing enough enlistments by October 1 to insure the continuance of a company here.

Not in thirty years has this city been without a company of state soldiery and there are hundreds of Dixon people who will desire to have an organization continued here. The new militia will be open to all young men who have reached the age of 17 and it is earnestly desired that the youth of the community respond to the call in sufficient numbers to cause the state authorities to at once assign Dixon a company in the coming organization.

Another Critic of Wilson Nominated

By Associated Press Leased Wire
Atlanta, Ga., Sept. 9.—Incomplete returns from yesterday's state wide Democratic primary, early today indicated that Thomas E. Watson, publisher and once populist candidate for president, had been nominated for United States senator from Georgia. During the campaign Watson was conspicuous in his criticism of the Wilson administration.

Among Watson's opponents was Senator Hoke Smith, who was seeking re-nomination. Returns tabulated by newspapers indicated that a second primary might be necessary to settle the gubernatorial contest, none of the four candidates appearing to have a majority of the county unit votes.

Desire to Become Actress Cost \$240

By Associated Press Leased Wire
Chicago, Sept. 9.—The call of the cinema became too strong for Annunziata Caesar, 13-year-old daughter of Herbert Caesar, who works in the Gary steel mill. She took \$240, her father's savings, and headed for Los Angeles, but first decided to ride a limousine into Melrose Park, her birthplace. She alighted in front of the hotel there, and registered as "Miss Eleonore Phillips, motion picture actress."

Her identity was discovered, and Annunziata returned to Gary with 25 cents of her father's savings.

CALL TERMS 'ONERUS.'

By Associated Press Leased Wire
Paris, Sept. 9.—Commenting on the new French loan to be floated in the United States, this morning's newspapers lay emphasis upon the statement that the loan being paid off was not a loan by government to government but one made by American bankers to France and Great Britain. This it is added, explains what are termed the onerous conditions of the new loan.

It is pointed out that the American nation as represented by its congress, has shown marked generosity in its dealings with France.

\$100,000 FIRE NEAR ELGIN.

By Associated Press Leased Wire
Elgin, Ill., Sept. 9.—John F. Jelke's country estate, five miles north of Elgin, was the scene of a \$100,000 blaze early this morning when lightning set fire to the big stock barn. The building was completely destroyed. A pure bred Holstein bull was killed, but 50 cows were rescued. None of the grain or hay was saved. Torrents of rain kept the fire from spreading to other buildings.

ITALIAN WARSHIP IS LAUNCHED UNDER RED AND BLACK BANNERS

Socialists Occupied Ship- yard in Which It Was Built.

By Associated Press Leased Wire
Leghorn, Italy, Sept. 9.—Workmen who have occupied the Orlando shipyards here launched a destroyer built there for the Italian government. Black and red flags waved above it, however, as it slid into the sea, and as it gracefully took the water there rose deafening cries of "viva socialism."

INDUSTRIAL CENTERS QUIET

Rome, Sept. 9.—Efforts continue to bring about a solution of the situation in Italy as a result of the movement among metal workers to occupy the industrial centers. The government has been called upon to intervene, but so far has been neutral.

Reports here indicate that quiet prevails and that engineers, foremen and clerical staffs still refuse to join the workers.

It is declared the majority of the metal workers are controlled by extreme Socialists who are desirous of giving the movement a political character. Responsible leaders of the party, however, are said to discourage such a policy. At many places the workers have announced they are ready to convert themselves into co-operative societies, which would undertake the direct management of works that have been occupied, payment which would be fixed by arbitration and deposit the necessary guarantees.

Premier Giolitti recently issued a statement referring to "recent agreements between European Socialists and Nikolai Lenin, Russian Bolshevik premier" and forecast those agreements might be forerunners of active revolutionary attempts, soon, in Italy. There is every indication that the movement was prepared deliberately and systematically, and that efforts were made to involve other trades besides metal workers.

TO DETERMINE POLICY

Milan, Italy, Sept. 9.—One hundred labor chambers and 60 federations of trades, representing 2,500,000 workmen, will be represented at the meeting of the general confederation of labor which will convene here Friday to decide on the policy to be pursued by the confederation relative to the labor situation in Italy.

Edward Long of Harmon is Dead

By Associated Press Leased Wire
Detroit, Sept. 9.—Organization of the Military Order of the World War was completed here today by adoption of a constitution and selection of officers. The new order is open to all commissioned men who served in the United States or associated armies in the World War.

The constitution follows closely that of the American Legion. It declares for a consistent military policy by the United States and prohibits political activity within the order.

Mr. Long was a brother of Thomas P. Long, chairman of the Lee county board of supervisors. He was born in Harmon, Aug. 25, 1882, and had lived in that village his entire life. Besides his wife and three children, he leaves to mourn his sudden taking, his mother, seven brothers and four sisters, all living in this county.

Short services will be conducted from the late home Saturday morning at 8:30. The funeral will be held from St. Plannen's church at 9 o'clock, Rev. Father Moore officiating. Burial will take place in St. Mary's cemetery.

Mex. Rail Strike Settled By Prexy

By Associated Press Leased Wire
Mexico City, Sept. 9.—A railroad strike which virtually stopped traffic on the national lines for eight hours yesterday was settled last evening, when Provisional President De La Huerta granted three of the four demands presented by the strikers. It is expected train operation throughout the Republic will be normal today.

The strikers secured recognition of the engineers' and firemen's union, with a 75 per cent wage increase, a promise that all pending wage disputes would be adjusted and an agreement that expenses of delegates to the recent railway men's convention here would be paid. The provisional President refused to accede to the demand for the removal of Francisco Perez who was recently named general manager of the national lines.

TAMPICO MAN TO OPEN SHOE STORE IN DIXON

H. C. Pitney Will Move to This City—To Build Home.

The following from the current issue of the Tampico Tornado tells of a coming addition to Dixon's mercantile circles:

"H. C. Pitney is closing out his general store business in this place and will move to Dixon at which place he has made arrangements to go into business and to make his future home."

Mr. Pitney has been closely identified with the business and social life of this community for many years, during which time he has built up a splendid business and established an enviable reputation for integrity and upright dealing and taken an active part in every movement for the advancement of the interests of the community.

"This decision to move was made some time ago and he had spent considerable time and thought in selecting a place to transfer his business activities to, finally deciding to locate in Dixon."

"He has leased a store building for a term of years and will put in a complete line of high-grade foot wear exclusively, being assisted in the business by the present manager, Mr. J. B. Reagan, who will leave soon to assume charge of the new establishment. Mr. Pitney has purchased a desirable plot and will erect as soon as possible a modern residence in Dixon, but will continue to make his home here until his new residence is completed, and will remain here at least until the first of the year. This decision to leave Tampico is regretted by the many friends of both Mr. and Mrs. Pitney and Mr. and Mrs. Reagan, but they extend their best wishes for success and prosperity in their new home."

Missouri's Corn Crop Will Be Big

By Associated Press Leased Wire
Jefferson City, Mo., Sept. 9.—A total of 214,772,000 bushels of corn in Missouri this year was forecast in the September crop reports issued today by the state board of agriculture and the government crop estimates bureau. The wheat crop was estimated at 29,350,000 bushels.

Growing conditions in August proved beneficial to the various crops and production forecasts are higher than a month ago, according to the report. Farmers are preparing to increase their acreage in wheat by thirty per cent this autumn, the report adds.

Today's Market Report

(By Associated Press Leased Wire.)

Grain Prices Up On Market Today

By Associated Press Leased Wire.
Chicago, Sept. 9.—Wheat ran up swiftly in price today owing largely to bullish construction put on the government crop report. Besides export demand for breadstuffs, grain continued in volume. The rise carried quotations to the highest level that has been reached in some time. Opening figures showed a 1/4 to 1 1/2c gain with December 2.46 at 2.47 and March 2.42 1/2 to 2.43 were followed by a big further jump and then something of a reaction.
Corn ascended with wheat. After opening unchanged at 1 1/4c lower, including December at 1.22 1/2 to 1.23 1/2, the market scored a moderate general advance but then was inclined to sag. Oats were governed by the action of corn, starting unchanged to 3/4c lower, December 65 1/2c to 66 1/2c and later averaging well above yesterday's finish. Higher quotations on hogs and cereals gave firmness to provisions.

When one gazes upon this collection of new Autumn Wear, it seems that each and every Garment was made to make some woman more charming—to add to her smartness and beauty—and every woman who will take the time to inspect the many models and fabrics shown will find several garments styled to her liking.

Reproductions and adaptations from the newest and most successful imported models as well as the best domestic productions afford a choice that is not to be surpassed anywhere.

In fact, the entire collection presents a wonderfully attractive array of unusual modes whose beauty is equally indebted to fabrics and the skill with which they have been handled.

A visit of inspection will convince you of the beauty of the new modes and our reasonable prices will surprise you.

The Fall Styles Are Here in Various Models, Fabrics and Shades

Some day, very suddenly now, cool weather will be here. And then women will give much thought to suits which are among the more important, if not the most important garment needed when Fall weather sets in.

However, if you should decide to purchase now or later, feel assured you will experience no difficulty in finding a suit to please in style, fabric, tailoring and price.

THESE NEW COATS WILL MAKE SELECTION A PLEASURE FOR EVERY WOMAN

The coats this Fall are more charming than ever, and naturally are attracting more than passing attention due to their obvious charm of style, and of handsome fabrics.

No effort or expense has been spared to bring under one roof a coat suited to every type of woman or adaptable for every occasion. The following gives an insight to the variously modelled but equally charming garments.

SKIRTS OF UNUSUAL SMARTNESS

Here they are; of irresistible smartness, revealing fashion's most exquisite conceits. The materials lend themselves admirably to the new silhouettes that have been ordained as correct. All in all the gathering offers a splendid opportunity for right choice to women of conservative as well as fastidious taste. It is an indication of the taste of our buyers and the care of our department heads, that we were able to secure these up-to-the-minute models so early in the season.

FALL BRINGS FORTH BLOUSES OF CHARM AND YOUTHFULNESS

Our memory fails us when we try to recollect when we offered a display of blouses equal to this one. They're the most charming and most fascinating models brought forth in years and we've never seen their equal for trimness and youthfulness. One who sees these will instantly recognize their superior attraction for they are distinctive blouses for Fall 1920 and are exclusive with us at these choice pricings.

Beats Gasoline at 15 Cents a Gallon

New Invention Makes Fords Run 34 Miles On Gallon Of Gasoline and Start Easy In Coldest Weather.

OTHER CARS SHOW PROPORTIONATE SAVINGS

A new carburetor which cuts down gasoline consumption of any motor, including the Ford, and reduces gasoline bills from one-third to one-half is the proud achievement of the Air-Friction Carburetor Co., 644 Madison St., Dayton, Ohio. This remarkable invention not only increases the power of all motors from 30 to 50 percent, but enables everyone to run slow on high gear. It also makes it easy to start a Ford or any other car in the coldest weather without previously warming the motor. With it you can use the very cheapest grade of gasoline or half gasoline and half kerosene and still get more power and more mileage than you now get from the highest test gasoline. Many Ford owners say they now get as high as 45 to 50 miles to a gallon of gasoline. So sure are the manufacturers of the immense saving their new carburetor will make that they offer to send it on 30 days' trial to every car owner. As it can be put on or taken off in a few minutes by anyone, all readers who want to try it should send their name, address and make of car to the manufacturers at once. They also want local agents to whom they offer exceptionally large profits. Write them today.—Adv.

HOOISIER SAVES MILES OF STEPS

For the Good of All Womanhood

TWO million American women have accepted the Hoosier as the Kitchen Cabinet of proved improvements. We can safely assert that every SUGGESTION that was ever made for the betterment of a Kitchen Cabinet has been TRIED OUT on the Hoosier. THOSE that in ACTUAL USE have PROVED a betterment have been added to Hoosier conveniences—the others have been thrown aside.

Hoosier's big, uncluttered work-table

and many special features of construction and arrangements lessen your labor in the kitchen.

They save you time and steps—banish reaching and stooping—give you more time and strength to enjoy your rest and recreation.

Now is the time to get your Hoosier. There can be nothing gained by waiting. Terms will never be easier—a small payment puts the Hoosier in your Home.

THE STATE NEEDS BRUNDAGE

Edward J. Brundage, Attorney
General of Illinois now serving his
first term in that capacity is a candi-
date for renomination.

During the past few years, the leg-
islature of Illinois has enacted much
legislation that has resulted in greatly
increasing the duties and responsibil-
ities of the office of the Attorney Gen-
eral.

The state has been fortunate in
having Mr. Brundage for its Attorney
General, during these years of uncer-
tainty and additional burdens. It was
through his efforts that the Illinois
two-cent passenger fare law which
was passed by the legislature, was up-
held by the United States Supreme
Court. Nearly \$3,000,000.00 was re-
funded to the traveling public, as a
result of the decision which he won in
that case. His economical adminis-
tration of the inheritance tax laws of
the state has resulted in the payment
to the treasurer of approximately \$8-
900,000.00. His successful prosecution
of the riot cases at East St. Louis won
the admiration and respect of every
law abiding citizen, not only in the
state of Illinois, but elsewhere, and
brought him much favorable comment
from the press throughout the United
States.

Mr. Brundage's administration has
been free from any suggestion of un-
fairness or favoritism. Every citizen
has been extended fair and just treat-
ment in all affairs pertaining to the
office.

Under the present law, the office of
Attorney General is a most important,
if not the most important factor in the
conduct of the affairs of the state. The
possibility of the adoption of a new
constitution requires that the position
be filled by a man of wisdom and ex-
perience, and the re-election of Mr.
Brundage will assure the citizens of
the state, a continuance of the same
efficient administration as at present.

If the City Hall forces in Chicago,
after bankrupting that great city,
should gain control of the govern-
ment of Illinois that deplorable con-
dition would be modified to some extent
if Mr. Brundage were re-elected At-
torney General. On the other hand, if
the Thompson element should gain
control of both governorship and the
office of Attorney General, dire results
may follow.

The re-nomination of Mr. Brundage
and his election will insure to the
people of the state a just enforcement
of its laws, and a proper solution of
the many legal problems that must be
solved.

It seems odd that a government
able to lick Germany can't do a thing
with a bunch of profiteers.

John Barleycorn retains just
enough strength to write checks for
his lawyers.

"It's not damp enough, she says," explained Nick, who was notifying all the birds and animals that Meadow Grove school was to start the next day.

"Oh, I see!" nodded the fairy man schoolmaster until his large ears shook. "Nancy, can you make a good mud-puddle?"

The little girl said she could, as she often made mud-pies at home. "Then please make one," said the master. "A puddle, I mean, not a pie." So Nancy went in search of some water.

MR. BRUNDAGE'S RECORD

An editorial from the Chicago Evening Post, Sept. 1, 1920.

Attorney General Edward J. Brundage is a candidate for renomination for attorney general at the Republican primaries, and whatever feeling any individual may have regarding factional affiliations those who place creditable public service above all else should accord him their support.

The attorney general's office, under his administration, has rendered distinguished service to the state of Illinois. When over 3500 members of the Chicago Bar association add their signatures to a petition endorsing his administration, we find a reflection of the views of the legal profession on what kind of a law office Mr. Brundage has conducted. The signatures comprising this petition include over half the membership of the Chicago Bar association, and it takes precedent as being the largest petition ever presented by lawyers in Chicago.

When Mr. Brundage was a candidate for the first time four years ago The Post reviewed the qualifications of all candidates and gave him the endorsement of being the most efficient. Soon after he took office he began to impress the various communities of the state with the necessity of obeying the laws.

Departing from the old usage by which the attorney general's office was simply headquarters from which to send out legal opinions, Mr. Brundage made the attorney generalship fulfill its real function in stepping in to enforce statutes where local officials failed. The prosecution of the white and negro population who brought on the East St. Louis riots was a notable instance of this. In other sections of the state Attorney General Brundage has brought court action to wipe out disorderly conditions where other means failed.

In experience, in demonstrated efficiency, Edward J. Brundage is of the highest type of state official. He should be renominated at the Republican primaries Sept. 15 and re-elected at the general election Nov. 2.

THE LIFE OF GERMS.

Disease germs, also called bacteria, do not usually live for any great length of time after they have left the body, for, like other living things, they soon perish when they are removed from their natural element. But they remain alive for hours, and sometimes for days, if they are protected against sunlight, dryness, starvation, cleanliness and oxygen.

Sunlight is one of the greatest destroyers of disease germs. They do not survive for long in a sunshiny room if exposed to the light. But, if they are protected in a mass of excretion, such as phlegm from the throat, the rays of the sun do not reach them, and they may survive for weeks or months.

Dryness kills most germs very quickly, but they survive in damp places, especially in darkness, sometimes for many weeks.

After disease germs are expelled from the body, they are usually not able to obtain a proper supply of food and soon die of starvation. Some few varieties, however, go into a resting stage, and assume a dry, quiescent state, like a seed, for days or weeks, only to resume their growth again when favorable conditions return. This dry, seed-like form is known as a spore.

The bacteria which are able to stand starvation and drying may be found in dust. The bacteria of fermentation and decay which are able to survive in dust are found in the air so commonly that they readily fall on all exposed objects and start decomposition in decomposable matter.

Germs of tetanus and anthrax protect themselves from dryness by forming spores, and these diseases can therefore be carried in dust, dirt and other dry material which may have become infected months, or even years before.

The use of soapsuds, scrubbing brushes and sunshine are effective in destroying disease germs. Children should be taught to wash the hands before eating. Scrupulous cleanliness should be observed in the sick-room to prevent the spread of disease germs to the well.

Q.—Could you give me some information on why a person's heart would beat so fast and thump so hard at the least little exertion, or after a meal or at night when a person first lies down. It thumps real hard for a short time and then isn't noticeable. What for a diet should a person eat?

A.—It is not possible to say merely from your letter why your heart should beat so fast and thump so hard after exertion. It is quite certain, however, that you should at once go to a good physician and have him give you a thorough examination; especially an examination of your heart. Rapid heart action and the thumping which you describe usually indicate that the heart is being pushed beyond its limit. If this occurs only after slight exertion it almost always means that there is something wrong with the heart. So much can be done by properly regulating the mode of life that a person suffering from symptoms you described should not delay a minute to place himself under proper medical care.

THE BOOK OF ANN.

I SPEND A NIGHT OF THINKING—ALONE. BOB HAD NOT RETURNED

Never before had I been left alone at night in the bungalow. Bob should have thought about that no matter what his mood might be, or his engagement. I wasn't at all afraid, still the house was in a lonely place. The great Lorimer mansion faced the main boulevard. My bungalow and Ann's house were set back on a short private road at the back of the estate. They were in a lovely grove, and they looked toward a tiny village clustered about a trolley station half a mile away.

It was a lonesome walk by private drives and paths up to the big house. More than one adventure had happened to me in the park. There Eloise had shot the Hun who had attacked me. By the lily pond, in the moonlight, I had seen Katherine Miller offer her white shoulder to my husband's lips.

I shuddered, not from fear of burglars, but at the too great whiteness of that smooth shoulder.

Where was Bob? I couldn't guess but I was sure that he was not in a hospital, a casualty in an auto mix-up. Accidents do not happen to the Lorimers. Poor Benjie paid the price for all of them and for all time when his plane came down in flames.

The house was growing chilly. I lit the wood laid ready in the fireplace, not to please myself. I hadn't the slightest wish to be comfortable. I lit it for Bob in case he should reach home tired and cold. I was following every tradition which shapes the life of a conscientious wife. The house should be gay and cozy for the man even if he came home drunk. But even as I applied the taper to the kindling I shed tears enough to put out a furnace.

What temptation was alluring enough to keep Bob from his books?

As a rule he shuts himself in his library when he sulks.

Knowing that my lids were red and swollen I went up to the bath room, bathed and powdered them. I took my frock with its silly frilly apron. I was too juvenile—better for Ann than for me, I thought resentfully. "Ann—Ann—Ann!" She was always in the back of my mind. Ann had made this trouble.

Was she an innocent child when she sent Bob to find me with lives? Was she more than ordinarily clever and tricky?

I put on my nightgown, taking care it should be the flimsiest one I owned. I covered it with a slip-over of blue and gold brocade, stepped into the lithe slippers made to match, and returned to the fireplace downstairs.

And then I huddled myself in a chair, no longer weeping, but thinking quietly along a new line.

Simply by staying away from home Bob was saying that he held me responsible for what had happened in the park! He was obstinately refusing to let me have an opportunity to explain! He just took it for granted that I was flirting with Ives! And wasn't fair. When he put such impossible interpretation upon my conduct, he was not one whit better than the average male with his habitual accusation of the female!

Why explain to a man who was determined to think evil? Thus from bad to worse, I went. Maybe Bob wanted to go on a phandering excursion, maybe he was seeking an opportunity to stay away from home. And then, for he had seized upon my mischance and was magnifying it to suit his desire! Doubtless his wish was father to his thought!

I had plenty of evidence to prove my innocence. Chrys would testify that I had undertaken the adventure according to her plan.

But if Bob Lorimer was going to review her evidence before he accepted my word everything between us was at an end.

Having arrived triumphantly at the stage of wifely indignation, I counted the strokes of the clock with a proper sense of martyrdom. It was midnight. The pretty wood fire had burned. The pretty pink dress was back in its drawer. The pretty dinner was spoiled. So was my life. And it was about as important as the other to me—in that mood.

The Republican women aged 21 and over are urged to vote Sept. 15th.

Your New
Fall Suit--

Possibly you've been thinking about your new fall suit, as to when and where you'll buy it, how much to pay, what kind to look for.

The same thing is true today as it was five or ten years ago in buying clothes—the change in prices does not alter the fact that it pays to buy good ones—that cheap goods are an extravagance no matter how little you pay for them.

First of all, you can depend on us to have the right kind of clothes for you to buy—qualities that satisfy, styles that are standard and at prices that are fair. We're going to sell you good suits and overcoats this fall and are selling them right now at

\$42.50, \$45, \$50, \$55, \$60, \$65

Good clothes at these figures are not high in price, in proportion to other things you're buying and selling. Paying less than these prices may mean that you're getting so much less that the actual cost will be higher. We think you'll agree that its not necessary to pay more when you examine the qualities we recommend.

Board of Review Adds \$903,480 to Taxable Property

The board of review, composed of Chairman Thomas Long, of Dixon, Charles Kearney, of this city, secretary, and Fred A. Richardson, of Ashton, have completed their investigation of the county tax books and made a final report. In their investigation, the board added to the net increase to personal property in Lee county the sum of \$903,480.

This is considered a very good amount when it is taken into consideration that a large amount is now invested in government bonds which in former years, was taxable.

Flagman on Duty at N. W. Crossing

The Chicago & Northwestern has established its first flagman service in Dixon. The railroad crossing just west

of the depot is now guarded by a flagman the entire 24 hours of the day, three men working in eight hour shifts. The fight for a flagman at this crossing was started early last spring by the city council and the commissioners have kept untiringly

after their cause, until success has crowned their efforts.

The railroad company for several days kept a check on the traffic across the tracks at this crossing. A number of accidents have occurred at this place where traffic crosses both of the main and several switch tracks.

VAILE AND O'MALLEY

Assembly Park Auditorium Sept. 17 FRIDAY NIGHT

To hear Ralph Dunbar's wonderful production of

"CARMEN"

is to enjoy the most elaborate, expensive and magnificent operatic spectacle ever on tour.

More than enough people to occupy every available seat are acquainted with many of Mr. Dunbar's productions and are planning to attend "Carmen." May we not therefore suggest that plans may be furthered and disappointment as to seat locations averted by arranging for subscription seats now, as will be cheerfully explained at the box office, or by mail order, enclosing check.

Prices for "Carmen" here are only half the prices prevailing in New York and Chicago for "Carmen" and with a cast of recognized high ability.

Kindly note that Ralph Dunbar's supreme production of "Carmen" surpasses by far all of his former offerings, in point of size, scenic magnificence, musical and dramatic art, orchestral color and volume, spectacular effect and worthiness as a superbly elaborate operatic event. So costly a production could not go on tour were not the name of the producer an assurance that "Carmen" is the LAST word in Twentieth Century, American interpreted music drama.

For the information of parties coming by train or automobile from a distance, permit us to advise that seat reservations by subscription may be arranged now in advance of the regular public sale, by the formation of opera parties, and communicating with the box office as to particulars, location, etc., and a deposit. Early attention will certainly avoid the possibility of disappointment in the matter of desirable seatings.

PRICES FOR "CARMEN," \$3.00 to \$1.00

Illinois Corn Made Poor Progress State Report Today Affirms

Springfield, Ill., Sept. 8.—Corn made rather poor progress in Illinois, the week ending Tuesday, Sept. 7, as a result of cool weather, according to the bulletin by the weather bureau this morning. The crop, Meteorologist Clarence J. Root says, needs more rain in many areas and higher temperature generally. The showers during the week were mostly of light proportions.

Much of the corn in the south half of Macoupin county has been destroyed by chinch bugs. In many areas in the north half of the state pastures are short and the ground is too hard for plowing.

Yank Aviators Kick on Hopping Off Field

New York, Sept. 8.—American aviators who are to pilot planes in the Gordon Bennett trophy races at Paris this month are dissatisfied with the field designated as the starting point, say cable messages to the Aero Club of America.

They are searching for a better field to use in test work before the races, which begin Sept. 27 but have "little hope" of inducing the French Aero club to change the designated starting field, which the Americans claim is small and unlevel.

All three American entries have reached France. One is an army air service machine, another represents an aircraft manufacturing company and the third is backed by S. E. J. Cox of Houston, Texas.

The Women of Illinois are supporting **RICHARD J. BARR** OF JOLIET

A Lawyer in Active Practice for 25 Years
Twice Mayor of His Home City
Five Times Elected to the Senate of Illinois
Candidate for the Republican Nomination for ATTORNEY GENERAL

Because He Has For Eighteen Years Championed the Cause of Woman's Suffrage in the Illinois State Senate.
Because He Introduced and Pushed Through the Senate the Bill Providing for Shorter Hours for Women Workers and other Measures of Benefit to Women and Children.

Active leaders in the cause of Woman's Suffrage, like Grace Wilbur Trout, president of the Illinois Equal Suffrage Association, and Catherine Waugh McCulloch of Evanston have publicly expressed their appreciation of the efforts put forth by Senator Barr for the women of this state. Now that franchise has been won, it is vitally important that a sympathetic law-enforcer occupy the office of Attorney General to properly and fearlessly protect the rights of the new women voters. A vote for Senator Barr at the Republican primaries next Wednesday, September 15, will assure such a happy result.

ILLINOIS EQUAL SUFFRAGE ASS'N 2236 ORRINGTON AVENUE EVANSTON August 19, 1920

Chicago, August 31, 1920
Senator Richard J. Barr Joliet, Illinois

My Dear Senator Barr: I wish to thank you for your support of the suffrage measure in the 1913 Legislature and for your assistance in helping to maintain the law intact in the 1915 Legislature, and while many asked for the honor, we chose you to introduce the resolution for ratification in the 1919 Legislature.

It scarcely seems possible that the women of the United States are really free at last and we remember today with special gratitude the men who helped make possible this great victory.

Very sincerely,
GRACE WILBUR TROUT, State President

Senator Barr understands the needs and aspirations of the farmer. He was raised on a farm and has been a practical farmer for years. During the Foot and Mouth Epidemic, the farmers of the state turned to Senator Barr for assistance in the legislature and he perhaps did more than any other man there to procure aid and legislation to assist farmers in meeting that crisis.

Senator Barr is known as a careful, conservative, progressive business man. His advice on business matters has been sought on numerous occasions by leading business men of the state.

"I will run the office of Attorney General from the seat of government in Springfield, as provided by the Constitution," pledges Senator Barr, "with fairness and justice to the people of the entire state."

ANDREW RUSSELL

Republican Candidate for
 AUDITOR OF PUBLIC ACCOUNTS

The painstaking and intelligent service which has characterized the present administration of the office of the Auditor of Public Accounts is a promise of four years more of efficiency. A large increase in the number of state banks; a marked decrease in the number of bank failures and an effective reform in office administration are features of the past three and one-half years. To continue this good service, vote at the Republican Primary September 15, for

 Nomination for
 United States Senator

Republicans of Illinois:

OUR party is going to need to be harmonized and unified after the primary election, isn't it? There's no doubt about that. This must be done to insure success in November. But who is going to do it?

Think it over and you will agree that it can be done best by some nominee for a pretty big office. Look over the candidates for all nominations and you will also agree that one leads in availability for this special service. That one is Frank L. Smith of Dwight. He has both the personality and the political skill required.

For this reason alone Smith ought to be nominated for U. S. Senator. But there are many others:

He has been a working Republican since he became a voter.

He stands squarely on the Republican platform with Senator Harding and will support him, as president, without a quibble.

He is free from special interest entanglements and he is closer than any of his rivals to the state's most important interest and industry—agriculture.

He is a successful business man of the type now needed at Washington.

He is a "down-state" man in sympathies and understanding as well as by residence.

By his services to the party for a quarter of a century—in the ranks, in posts of leadership and in public office—he has fairly earned the nomination for U. S. Senator.

To insure Illinois for Harding and Coolidge and the election of your state and local tickets, go to the polls on Wednesday, Sept. 15, and vote for the nomination of Frank L. Smith for U. S. Senator.

TO THE VOTERS OF LEE COUNTY:

If you have a faithful and experienced employee in your store, bank or factory or on your farm, who has given you satisfactory service for several years, would you discharge him simply because another wants his job, especially so when you can re-hire the experienced man at the same salary you would have to pay an inexperienced man?

Strikers Fire Into Brooklyn Street Car

New York, Sept. 8.—While further efforts were being made today to arbitrate the strike of Brooklyn Rapid Transit company employees, nine men in an automobile raced alongside a train on the surface near the Twenty-second avenue station and fired into the cars, injuring no one. Blasts from the train whistle brought a squad of motorcycle policemen, who pursued the motor car at high speed until the

nine men were caught three miles away. Even additional surface lines were put in operation by the B. R. T., today and more elevated and subway trains are also running company officials said.

Dorman and Chas. Anderson entertained several of their friends Saturday evening at a Stag dinner party. George Boynton left Tuesday evening for Rochester, Baltimore and New York City on a buying trip for the Boynton-Richards stores.

Mrs. Wm. Wolford and son, George, and daughter, Miss Ida, returned home Monday evening from a visit in Cicero with the former's sister, Mrs. A. J. Kolderman.

DIXON'S MUSIC LOVERS BRUSH UP ON BIZET

Coming of "Carmen" to City Arousing Fine Interest.

Anent the coming of Ralph Dunbar's magnificent revival of "Carmen" which will be presented Friday evening, Sept. 17, at the Assembly Auditorium, local music lovers are brushing up a bit on Bizet who was responsible for the dashingly Spanish opera. Paris was the birthplace of Georges Bizet. He was born on October 25th, 1838, in what might be called an artistic atmosphere as his father, an excellent teacher, was married to a sister of Mme. Delsarte, noted pianist, and his uncle, a musician, was the founder of the famous Delsarte system.

Cured His RUPTURE

I was badly ruptured by lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 611 G. Marcellus Avenue, Manassas, N. J. Better cut out this notice and show it to any others who are ruptured, you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

VOTE FOR JAMES R. KELLY

Republican Candidate for STATE'S ATTORNEY Lee County
Born September 5, 1888.
Admitted to bar of Illinois, July, 1915.
Located at Amboy, October, 1915.
Elected City Attorney April, 1917.
Entered Army May, 1918.
Served with A. E. F. in France.
Represented many clients faithfully.
Success due to his own efforts.
As he SERVED his country and the City of Amboy and his many clients during his five years' experience as a lawyer, he is willing to SERVE the people of Lee County as their STATE'S ATTORNEY.
As the time and means to see every voter personally are not available, this opportunity is taken to respectfully solicit the support of the men and women voters at the Primary, September 15, 1920.

Bizet studied with Marmontal and Benoit, and after taking lessons in composition from Halevy, he married the daughter of the latter. Then came his first opera, "Docteur Miracle," which was not of much consequence. This was written in 1867 and during the same year Bizet took the Grand Prix at Rome. "Vasco de Gama" and "Les Pecheurs de Perles," followed. These compositions met with fair success. Then came "La Jolie Fille de Perth" in 1867 and in 1872, "Djamleh." Bizet also wrote the Patrie overture and the interludes to "L'Arlesienne," a decidedly poetic score which Theodore Thomas introduced to this country, and both works were received with enthusiasm. Then was Bizet to appreciate and enjoy a real dramatic success, though it was his last work. "Carmen" appeared in 1875 and was a wonderful triumph at the Opera Comique. It was first produced in March and the following June Bizet died of acute heart disease. He was a very promising composer, and excelled, especially in orchestration. During the last few years of his life he was a tireless worker and this exertion, it is thought, hurried his demise.

EXPERIENCE NECESSARY
EDWARD E. WINGERT
Republican Candidate for States Attorney, at Primary September 15.

The State's Attorney is the legal protector of the people and their property, and their efficient defense was never more needed than now in this age of unrest, when grave crimes are increasing rapidly.
He is also the attorney for the County, a corporation of nearly 30,000 people, in its complex business affairs.
Whatever else the State's Attorney may be HE MUST BE A TRIAL LAWYER of demonstrated capacity. This capacity can only be shown by years of experience. The office, paying \$2900 a year should be no field for experiment.
I have, in 31 years at the bar, tried many hundreds of cases, and in all the counties of the Circuit. This experience has not been limited to one sort, but has covered all kinds, criminal as well as civil. It is conceded that I can try suits successfully and without aid, and if elected I agree to ask no help from the County Board.
Where consulted in advance no client has ever lost money by relying on my advice.
I have never asked for or held any elective office, and do not believe that holding many offices justifies the holder to have others. I want this for one term only, and then another may have a chance.
Both men and women may vote at this primary and the support of all will be appreciated.
EDWARD E. WINGERT
